As soon as it was reported that the Beirut port explosion had caused massive damage to several nearby hospitals, the **Global Order of Middle Eastern Christians** began reaching out to our local Lebanese Embassy, the Red Cross, the World Health Organization (WHO), and multiple media sources to gather information on the extent of the

damage, and where best we could direct our efforts, helping to return quality healthcare to the people of Beirut, Lebanon.

This week we launched our **HELPING BEIRUT HOSPITALS** initiative.

Please consider donating, and join us in supporting, liking, and sharing this initiative with your social media network.

100% of the net proceeds will be distributed to severely damaged hospitals.

See www.gomec.org/helpingbeiruthospitals for more details.

(Note: The Global Order of Middle Eastern Christians is a non-profit organization that also engages in humanitarian aid as part of its community development initiatives, but is not a registered charity.)
